The next morning he arose early, and when he put on the coat he found the button still nilesing.
"Why," he exclaimed, "you didn't sew that button on for me, after all."
"Of course I did," exclaimed the wife. Then she laughed. "But I didn't sew it on that coat."
"Well, where on earth did you put it?"

"Uncle Joe" Cannon, chairman of the great house committee on appropriations, and expounder of government expenditures, was a guest at dinner one evening last week, says the Washington Post. His charming hostess seated the eminent Illinoisan by the side of a beautiful southern girl, recently married, who had been much admired this winter in high social circles.

A North Carolinian by birth, "Uncle Joe," in spite of his long association with startling arrays of figures and hard facts incident to disbursing revenues, retains many of the graces and
